

The latest products to hit the organic shelves!

IN ORDER THAT all of industry can be aware when new processed or wholesale products come onto the marketplace, to help fill gaps in the supply chain and create new opportunities, ACOM will be publishing the latest products to have gained certification each quarter with Australian Certified Organic.

Congratulations go to the following companies who have achieved their organic certificate within the

last three months.

(Please note that certified organic primary producers will be published in BFA's Australian Organic Producer Magazine. Due to some businesses not wishing their names/ products to be listed in BFA/ ACO public directories this list is not complete. If you would like to know more, please contact the BFA/ ACO office on 07 3350 5716.)
